

## About Stantec:

We're active members of the communities we serve. That's why at Stantec, we always design with community in mind.

The Stantec community unites approximately 26,000 employees working in over 400 locations across six continents. We collaborate across disciplines and industries to bring buildings, energy and resource, environmental, and infrastructure projects to life. Our work—engineering, architecture, interior design, landscape architecture, surveying, environmental sciences, project management, and project economics, from initial project concept and planning through design, construction, and commissioning—begins at the intersection of community, creativity, and client relationships. Stantec trades on the TSX and the NYSE under the symbol STN. Visit us at [stantec.com](https://stantec.com) or find us on our other social media channels.
